Public Sector Economics: Theory, Policy and Practice

This second edition has retained the structure of the first edition, all chapters having been updated and expanded in terms of coverage of theory, policy and practice.

Public sector economics : theory, policy and practice / Stephen J. Bailey

It recognises that students invariably study other subjects simultaneously with economics and so attempts to provide more of a multi-disciplinary approach than is usually the case.

Public Sector Economics: Theory, Policy and Practice

PUBLIC SECTOR ECONOMICS provides a comprehensive, wide-ranging treatment of the subject, dealing with theory, policy and practice with the broad context of political economy and gives a more general integration of them than is found in most other texts.
