Best Banks In Asia Pacific 2019: Strong Results, Challenging Future

GFT is continuing its strategy of diversifying into new markets and following its customers, expanding further in the Asia-Pacific market. What can we in Europe learn from these developments? In 2012, Zalora was one of the first major B2C online retailers to offer cash-on-delivery services, paving the way for the fashion-centric business to become the largest eCommerce retailer in Southeast Asia. Supported by ongoing growth in intra-Asia trade flows and activity, the business continues to see strong momentum in Corporate Banking and Treasury and Trade Solutions across various areas including cash management and trade finance.

Global Processing Services (GPS) Bolsters Asia Pacific Team with Head of Region Appointment

In Asia, Citi has over 16 million credit card accounts, which are increasingly acquired and serviced digitally.

Asia

In some countries, the stock of outstanding debt might already be unsustainable and require greater external support. However, many banks in Japan are seeking to introduce new use cases and digital ecosystems beyond regulation to enable them to further monetize their API-based services. Banks are well aware that opening up to third parties in such a way could cannibalize their existing business models.

APAC Countries

Meanwhile the bank continues to grasp the nettle of stressed assets under the Insolvency and Bankruptcy Code, while deposits grew steadily by 4. For risk management, banks are finding that they can reduce loan losses while allowing a broader population to qualify for loans by developing machine learning algorithms to analyze a combination of traditional underwriting data and unstructured data from internal and external sources.

Largest Banks Asia Pacific

His in-depth experience with supporting the launch and growth of many of the largest fintech issuance programmes in Asia Pacific, both prepaid and debit, will be immensely beneficial to the growth of GPS in the region.
