## Short Courses

To progress to part three i. Image: AI-generated versions of Unit 21 work from 2019—2020 Shaking POPS and Daniel Ovalle Costal This year, PG22 will explore how we can make Privately Owned Public Spaces POPS transparent, fair and accessible.

## Foundation Diploma in Art and Design

A conservation project offers you the opportunity to design an intervention to an existing historic site in the historic centre of Canterbury. Please note, in some cases we may offer you a place on the course but on a different pathway to the one you originally applied for.

## PGDip Building Design and Architecture Postgraduate Degree (18 courses)

Students in all stages of the school have been introduced to real urban and architectural design challenges in Lille, Margate, Folkestone, Dover, Rye, Chatham and, of course, Canterbury.

## Architecture MArch (ARB/RIBA Part 2)

It helps the students to analyse the causes and patterns of damage in a wide range of structures and cultivates a critical understanding of the techniques employed in the repair and strengthening of historic buildings. SIT also advocates the work-learn continuum, which places an emphasis on upskilling and lifelong learning. The wide range of specialist options reflects the progression opportunities available at degree level within the college and the university.
