## ShrineOfDio

The names will vary depending on your location. The shrine itself is a mead barrel next to the burnt remains of a carriage and two corpses in their skivvies.

## Zelda Breath of the Wild Champions' Ballad guide: Etsu Korima shrine walkthrough and puzzle solutions

Head north of the Shipyard Outpost to find the entrance to the shrine, which is actually off the coast of the island. You'll get the Charm of Okunninushi for completing it, which slowly recovers your health while you're out of combat. All you need to do is go to the Apprentice Stone in Hjaalmarch and walk a short distance northeast.

Now all of them have been found! I truly believe that we can get this done. If you have the Thunderchild mod installed, this shrine is very close to the Pillar of Animal Allegiance.

## Gerudo Wasteland Shrines

It will teach you how to use modding tools like MO, LOOT, xEdit, and WryeBash. XARXES A relatively easy one to locate, this shrine is found alongside the road across the river south of Treva's Watch in the Rift.

## (18+) REVIEW: Trap Shrine

PERYITE Located at his aptly-named shrine in the Reach.

## Mondstadt Shrine of Depths Key

Tending to personal home shrines is a tradition dating back thousands of years. If you are lost on where to begin modding. Remember, though, each region has its own shrine key.
