The Collected Poems of Bob Kaufman

Signed by Sebastian Faulks on the title-page. A Legend of Horses Of course the prostitutes of reality are the virgins in dreams but there are seven horses in the meadow with no one to ride them and all things are happening at once. Additionally, Brautigan wrote and dedicated the poem for Morgan, who recounts the poem's genesis.

The Complete Poems by Philip Larkin, edited by Archie Burnett

Side-stapled into letterpress card folder. Larkin had such an acute, anarchic and bleak sense of humour, or of the comic, at least — the comical and the humorous not being always synonymous — that we might be forgiven for taking him at his own face value. Just two copies Bodleian and British Library located in the major UK libraries.

Countee Cullen: Collected Poems (American Poets Project)

Original stapled buff wrappers, ruled and lettered in green and brown; staples a little rusted; slight nick to lower wrapper; a touch dusty, but a good copy of a fragile early production.

Richard Brautigan > Poetry

One problem was that Hughes, brought up like Lawrence within hailing distance of a chapel Christianity whose influence extended beyond mere belief, straddled the border between metaphor and allegory, and was too often tempted into the bold moral equivalences of the latter. Clearly, Kaufman deserves much-needed reassessment. New York : Magazine Productions, 1953.
