Geological Excursion Guides

Some guidebooks were published separately by the Minnesota Geological Survey MGS , and Wisconsin Geological and Natural History Survey WGNHS , as indicated below; however, many are no longer available. The guide covers some of the oldest rocks in Europe, a landscape formed more than a billion years ago that has been buried and then exhumed, the metamorphic rocks of the Moine and Dalradian and Caledonian intrusions and surface volcanic activity. The relationship of mineralization to the Precambrian stratigraphy, Blind River area, Ontario 4.

Geological Excursion Guides

Readership: Professional geologists, informed amateur geologists, undergraduate students, visitors to Rum. This environmentally oriented trip had 13 participants. And we also thank others, not already cited above, who played a role in this years meeting: Gretchen Klasner was invaluable to the success of the meeting as she did all of the on-site registration.

Geological Excursion Guides

Since the ILSG secretary could not attend the annual meeting, Chair Bornhorst took the minutes of the Board meeting that are as follows: 1.
