According to Toynbee the twentieth century brought a rejection of the idols of technology and empire and a renewed interest in religious experience. Things are described analogically when they correspond to each other in certain important respects but differ from one another in other, equally important respects. I suspect the big thing has been the increased role that publicly displayed religious faith has played in American politics during recent elections.

Freedom of Religion

Beginning as a cult, Christianity spread through the Mediterranean and later through Europe before becoming the official religion of the Roman Empire. I-V, IXXI 9 Oct 25-27 Anthropology of religion Read: Olson, ch. Upper Saddle River, NJ: Prentice Hall.

To Understand How Religion Shapes America, Look To Its Early Days : NPR

This precipitated a worldwide shift, under the influence of European colonialism, from religion to technology.

Formations of Belief

The goal is rather the establishment of specific sets of synchronic and diachronic continuities and discontinuities that apply to more than one religion

and perhaps to an entire cultural area.
