The Confidence Gap by Russ Harris

I would highly recommend this program for all teachers who wants to see their students develop a love of reading! Because when you master public speaking, you simultaneously wipe out your timidity and gain the courage and assurance to deal with people. November 30, 2015, 9:52 am
 Thanks for this. By allowing this, I could now accept them instead of fight with them.

He delineated from the overarching theme at times which was slightly frustrating.

The Confident Teacher

Now that I have a better understanding of what mindfulness is, I don't much care for it. In other words; confidence the action comes before confidence the feeling. It's common for people to believe that they can't do the things they would like to do because they lack confidence.

How to Make Struggling Readers Confident Readers

How to Talk to Anyone Many people are confident in just about everything they do. A key component of having high self-esteem is trusting yourself to make the right choices while also realizing you are well equipped to cope should things go awry. Their relationship is very real.

The Reading Patch

I love how it includes a variety of punctuation marks and the kids are learning to read with expression. It is work, not magic.
