### How to pronounce Goethe: [public-docs.talentcoach.ir](http://public-docs.talentcoach.ir)

Goethe's influence spread across Europe, and for the next century his works were a major source of inspiration in music, drama, poetry and philosophy. His call to recognize the role of the subject in the perception of color does have positive echoes in the neo-Kantian theories of perception of Lange, Helmholtz, and Boscovich. He wrote a book called *Die Wahlverwandtschaften* Elective Affinities which is about a problem.

### Young Goethe in Love (2010)
