### Political Errors at the End of the 20th Century

This results in legislative gridlock, where Congress and even some state legislatures are unable to reach agreement on how to respond to social and economic problems. While such programs do create jobs, they may run counter to a broader policy direction, such as the need to cut the federal budget deficit. In short, it has been a broad-based party which, in recent decades, has made considerable gains in the region that used to be the Solid South.

Political parties have been seeking to dilute the voting power of the other party by redrawing districts to ensure that their party holds a majority ever since. The Democratic and Republican Parties appeared on the ballot in all 50 states and the District

of Columbia, accounting for 102 of the 225 recognized parties.

### **Political Errors at the End of the 20th Century**

Where evil has been done it was usually because the perpetrators had money to spend.

### **The Role of Political Parties**

Since its founding, the Republican Party has been the more market-oriented of the two American political parties, often favoring policies that aid American business interests.

### **Political Errors at the End of the 20th Century**

President Bill Clinton signed the bill after some hesitation and then indicated that he would seek changes in the law during the next session of Congress. Such a New World Order, like the Pax Romana, might create a wilderness and call it peace; at best, it would reduce the chocolate ration from thirty grams to twenty.
