### Tales of Moonlight and Rain

Before they could, they were scared off by Nishinoya, Tanaka, and Yamamoto acting as her protection squad. Kawachi corresponds to the eastern part of the modern Osaka Prefecture, just southwest of Kyoto. The walls were draped with ivy and arrowroot; the garden was buried in creepers—even though fall had not come yet, the house was a wild autumn moor.

### Akinari Noguchi

Thinking that a cosmic epoch must be coming to an end, the people lamented the impermanence of all things. The mood is already set when Toyoo mentions that he was on his way back home from a visit to the Shinto priest. The enemy will attack tomorrow! It was just as he had feared.
