## Salacious guide to Victorian London's secret brothels up for sale

Stanislavsky, My Life in Art 1948 ; N. The latter play had not been performed in its original form since the Puritans had closed the theatres in 1642. In 1825 alone, she gave no fewer than 114 performances in the enormously successful Paul Pry, then offered a series of concerts at Vauxhall.

## Lucia Elizabeth Bartolozzi

Her father, Gaetano Bartolozzi, was an art dealer and son of an engraver to King George III, and her mother, Therese Jansen Bartolozzi, was a musician to whom the great Haydn had dedicated five different piano pieces. Lucia Vestris was buried at Kindle Green, where her grave now lies untended with the inscription on the tombstone completely worn away. Porcelain manufacturers copied engravings of the most popular performers for small decorative ceramics such as this figurine of Madame Vestris as the Broom Girl, which originally included a twig broom.

## 1911 Encyclopædia Britannica/Vestris, Lucia Elizabeth

By enhancing the physical and existential distance between the stage and the auditorium, she fundamentally altered the playhouse dynamics. English artists had not been welcome on the American stage for decades after the and only in 1822 did the beauty and charm of the young so captivate her New World audiences that the way was cleared for Vestris and Mathews to appear in the without prejudice.

1815

Houghton Mifflin Company, 1931 Vestris, Madame Lucia Elizabeth Bartolozzi. Era fillia de Gaetano Stefano Bartolozzi i neboda del famós gravador.
