Bridge From Nowhere: A Story of Space, Motion, and the Structure of Matter

No matter how bizarre and twisted the universe looked before it contracted, the collapse would efficiently erase a wide range of primordial wrinkles.

The Bridge From Nowhere

In the ensuing years after 's defeat and the 's revival of Cybertron, the Autobots refined the dimensional portal technology to create a space bridge network, with the on Cybertron serving as the network's hub.

What If the Big Bang Was Actually a Big Bounce?

The universe as a whole is stuck in an eternal instant. We can create, on a perfectly immobile screen, successive images that our eyes and brain put together into a representation of moving scenes of life. Dark matter is an elusive substance that makes up 80% of the universe.

What If the Big Bang Was Actually a Big Bounce?

The were summoned to Earth from Cybertron, presumably using the space bridge. With the fuel lines cut the space bridge destabilized but not before a group of Autobots crossed over to Earth.
