Samuel Brandon (author)

In this she resembles Anthony at least as Anthony imagines himself to be , and in her response to Iulia's remonstrance, Brandon uses Sylvia's similarity to Antony to point up the shaky construction of the gender-class-virtue equation: Affection, no, I know not such a thought, That were a way to make my selfe a slave: I hate subiection and will nere be brought, What now I give, at others hands to crave. The powerful hand of heaven we wretches proove: Who strike the stroke, and poore we, beare the blame. The ease with which inconstancy, or at least the indolence and amorality feared by James, could be taken for its opposite led Stoic writers themselves to link Stoic behavior with acting--with all acting's debauched connotations--and gave the Tudor stage material for its caricatured figure of the Stoic in the stocks.

Which Marreth Constancy and Gender in the Virtuous Octavia (Critical Essay) on Apple Books

For when they know that you will constant bide, Small is their care, how often they do slide. These weaknesses led to the paradoxical expectations for women's constancy explored in the Octavia characters created by Daniel, Greville, and Brandon. Despite the cleaning process, occasional flaws may still be present that were part of the original work itself, or introduced during digitization.

Which Marreth Constancy and Gender in the Virtuous Octavia (Critical Essay) on Apple Books

Betty Travitsky New York: Columbia University Press, 1989 , 5-12. Weak in structure and deficient in interest, the 'Virtuous Octavia' has claims to attention as poetry.

1598 in literature

The play itself is dedicated to Lady Lucia Audelay.
