Japansk

Researchers stated that it would be possible to develop silk for military use that would be 16 to 20 times stronger than the standard silk strand. Stăpînirea limbii japoneze presupune acumularea unor cunoștințe, sprijinite prin exercițiu, în următoarele direcții: gramatica limbii, pronunție, scriere și citire, și vocabular.

Japansk

After the end of WWII, Japan was occupied by the Allied Powers led by the United States, and democratic institutions were introduced.

Heavenly Soldiers and Industrial Warriors: Paratroopers and Japan's Wartime Silk Industry

Better approaches to tuberculosis in large mills were just one aspect of this strategy. The nation had devoted four years of military and diplomatic maneuvers to securing particularistic goals of a territorial and economic nature. An already well-established myth of the self-sacrificing heavenly warriors at the front now extended to the parachute weavers and seamstresses whose nimble fingers perform delicate but decisive work.

Heavenly Soldiers and Industrial Warriors: Paratroopers and Japan's Wartime Silk Industry

In such an event Japan might remain Japan for Japanese, but its position will become precarious.

Japan and the League of Nations

Makino Nobuaki, widely reputed Burkmán01. In 1922, for example, 1,170 Japanese settlers were affected by dysentery, whereas only 225 Korean dysentery patients were recorded. Before the peace conference opened, race equality held low priority as an official Japanese objective for the postwar settlement.

Women in the Silk

En lang o kan för eksempel skrives «oo», «ou», «oh» eller «ō». Yamada, Moritarō 1934 Nihon Shihonshugi Bunseki, Tokyo, Iwanami Shoten.

Labor Oral History in Japan

Generally, cases of epidemic disease per 10,000 people in Seoul were 62.

Les parias des houillères du Chikuhō : assimilation ou surdiscrimination ?

A typical example may be found in the life of Sakamoto Tatsu, a coal-mining woman in Kyūshū. By exhausting its victims, and rendering them incapable of work, malaria also worsened such painful situations as existed, its impact being felt far beyond the number of recorded patients and deaths from this disease.
