Journal of the Polynesian Society: Shorter Communication: Tongan Headrests: Notes On Terminology And Function, By Jeffrey Dhyne, P 411

Body practices, as much as discourses, are involved in this negotiation. He used the word sauthoko for a type of headrest with a pair of bowed legs at each end of a rectangular headpiece and the phrase kali fāfāpo for a type with a single wide leg at each end Mack 1982:250-52.

Brother/Sister and Gender Relations in Ancient and Modern Tonga

The term ethnology is credited to Adam Franz Kollár who used and defined it in his *Historiae ivrisque pvblici Regni Vngariae amoenitates* published in Vienna in 1783.

The Arts of the Pacific Islands. A second type has five legs, two at one end and three at the other, extending directly from the ends of a comparatively narrow headpiece.

Ethnography & Ethnology

It is Fijian and as such is inappropriate to use in reference to Tongan headrests. Eventually, she turns all of her journalistic notes into a book which describes certain events that help her define the Iraqi culture. This definition is anchored within and constrained by social inequalities, which are in turn negotiated through constructing gender distinctions.
