Covering more than 160 subject areas and 12,000 full text publications, ProQuest Central is the largest aggregated database of periodical content. Modularity rating: 5 Text has an appropriate use of subheadings and includes activity sections that focus on concepts.

Source Cold Forming

There is much current interest in 'fake news' and the manipulation of Facebook and Google algorithms. Comments I think this book is an excellent resource for high school students, and maybe college freshman who need help in choosing and using sources for an academic paper. Ideas and topics progress easily and examples are used to offer context.

Online Resources

The largest, most extensive compilation of literary commentary available. In some cases the links were to very reliable sources that will remain stable for a long time i.

Online Resources

DSM-5 is used by health professionals, social workers, and forensic and legal specialists to diagnose and classify mental disorders, and is the product of more than 10 years of effort by hundreds of international experts in all aspects of mental health. Grammatical Errors rating: 5 To the extent of my knowledge, there were no grammatical errors in this text.

Choosing & Using Sources: A Guide to Academic Research

All articles are available online from 1939 to the present.

Choosing & Using Sources: A Guide to Academic Research

Overall, I found the text to be a good resource. It is easy to find and move to sections quickly.

Online Resources

Updating information would be easy. Dates covered: 1966- to present.

Databases by Title, Library Resources : Barry University, Miami Shores, FL, US

A few of the graphics are blurry, but most visual and audiovisual content is clear and easy to read. Modularity rating: 3 Reading the book online provides ability to chunk the text based on assignments and can be read chapter by chapter, entirety or starting at different places. For instance, moving the information about copyright closer to the section on ethical use of sources might make sense, but does not overly disrupt the general flow of the text.
