Faith of the Ancestors of the Holy Prophet

When ten sons were born, 'Abdul-Muttalib decided to sacrifice one of them according to his nadhr. What further proof is needed to show that it was a family of True Believers? I asked who it was. It is the accepted belief of the Shi'a Ithna-Asheris, the Hanafis, and the Shafi'is that the ancestors of the Holy Prophet from 'Abdullah to Qidar ibn Isma'il, and from there right up to Adam, were true believers.

What Does the Quran Say About Isa Al

Likewise, as we have seen the customs established by 'Abdul-Muttalib were adopted in Islam.

Faith of the Ancestors of the Holy Prophet

You put it on the top shelf of the bookcase. Qusayi started the night-stay at Mash'arul-Haram during the hajj, and Allah kept that system in Islam. His prayer was granted, and Allah gave him twelve sons, out of whom five are famous in the Islamic history: 'Abdullah, Abu Talib, Hamza, 'Abbas and Abu Lahab.

Al

Where does it say in the Injil that Isa believed in the coming messengers? How will Isa determine who goes to heaven who goes to hell? The family was jubilant, but 'Abdul Muttalib was not satisfied. They believed in the One and Only God and faithfully followed the Divine religion of their times. They like to know what the Quran says about Isa Al-Masih.
