Estuarine, Coastal and Shelf Science

Geological Survey Water-Resources Investigations Report 97-4021, 56 p. This report focuses on the current condition of the Mid- Atlantic estuaries from the early- to mid-1990s, and how and why the estuaries have changed over the years. Technical Report 63 The purpose of this investigation was to collate previously disparate information on near-pristine estuaries and make it widely available for use by managers, researchers, policy makers and the general public.

Bibliography of books and periodical articles on estuarine and coastal law, 1985

Technical Report 91 Diffuse coastal pollution is a major concern to governments and management authorities not only throughout Australia, but also globally.

Regional Interests in Ocean, Climate and Coastal Observing System

Geological Survey Open-File Report 77-460, 38 p. This growing population will require land for homes, transportation, shops, jobs, and recreation.

Marine pollution

Geological Survey Water-Supply Paper 2300, p. OUT OF STOCK Larson, J. Combined database of the UK-based Institute of Oceanographic Science, Deacon Laboratory IOSDL and the Proudman Oceanographic Laboratory POL 1985—1996 144 591 records This database was compiled by the National Oceanographic Library UK at IOSDL until 1996.

Condition of the Mid

Geological Survey Water-Supply Paper 1535K, p.

David G. Aubrey, Ph.D.

Geological Survey Open-File Report 97-505, scale 1:25,000. The purpose of the study was to assist in the integration of Indigenous knowledge into all future projects in the CRC. Science in National Parks Conference, Amherst, MA.

David G. Aubrey, Ph.D.

The study confirmed that intertidal mangrove sediments tended to collect fine sediments, which contained higher levels of metals and PAHs than did estuarine sediments. Thesis, submitted to the University of Mumbai, 241pp. Water and Energy International, 56, 31—41.

ESTUARIES AND COASTS

Studies in eastern energy and the environment; AAPG Eastern Section special volume, Virginia Division of Mineral Resources Publication, v. The study and management of ecosystems represent the most dynamic field of contemporary ecology. Comparative ecological assessment of biodiversity of fish communities in three coastal wetland systems in Ghana.
