### Libro electrónico

Student evaluation techniques shall include but not be limited to objective testing, individual projects, presentations, journals and subjective evaluation of effort involved in meeting the stated goals and objectives for the course. They will learn and become proficient in the performance of the first part of the Tai Chi Yang form, which is the heart of the practice. The fitness principles learned in class can be applied to any form of activity the student chooses.

### Kinesiology (KINES) | Penn State

This course involves basic postures asanas building to advanced postures, workshops and partner work, readings and discussions, development of restorative and active home practices, and personal reflection to deepen one's practice and overall wellness throughout one's 'lifespan. In this active course, students apply what is learned to enhance the basic understanding of the sport and to experience the full complement of wellness components.

### Kinesiology (KINES) | Penn State

The activities could include but are not limited trail day hiking, mountain biking, backpacking, orienteering, kayaking, canoeing, cross country skiing, or to rock climbing experiences.

### Le dauphiné libéré des enfants

Students have an opportunity to practice skills and behaviors that enable them to better maintain health across their lifespan, as well as to recognize the importance of social, emotion and physical health and wellness.
