Magpie mine

Where possible appropriate references and credits are given for the material presented. Sheldon used to have its own monthly magazine but since 2010 the magazine has merged with the Ashford Parish church magazine.

Sheldon Village and Magpie Mine

The weather had been wet recently so we were pleased to find the river in full flow which presented a good photograph opportunity at the weir.

Peak Rambler's Ramblings.....: A wander from Monyash to Magpie Mine via Flagg and Taddington

However, listening to the travel news as I was driving, the motorways seemed to be full of their usual Friday afternoon chaos and calamities! Also according to the census in 1861 Cornish miners migrated to Sheldon increasing the population by twenty five per cent. Fortunately today was OK and we were glad to reach to the top.

Magpie Mines (Bakewell): UPDATED 2021 All You Need to Know Before You Go (with PHOTOS)

A local joiner had purchased the tree to cut into boards and find a strange duck-shaped impression on the wood inside. The café is now licensed. Turn right where indicated along the unmetalled lane and stop off at the little Grade II listed church of St Michael and All Angels.

Sheldon an upland limestone village

Go through another gap a few yards away heading towards the mine buildings you can see in front.
