Findings also revealed that sisters' attitudes were more egalitarian than brothers, on average, and longitudinal analyses indicated that the attitudes of sisters with younger brothers became more egalitarian over time. How do children exert an impact on family life? I started taking female hormones and scheduled the surgery for April 1983 in Trinidad, Colorado. Though she hates blow drying, she blows her long, dark hair dry no matter how hot it is.

Transgender Author: Why I Decided To Become A Woman

Simply put, without recurring monthly contributions from readers like you, it's impossible to provide the high quality journalism that protects the marginalized and holds the powerful accountable. This principle is not complicated, but it requires our close attention. Although the participants reflected the demographic characteristics of the region in which they resided, the sample was fairly homogenous, both in terms of ethnicity and SES.
