Ahl al

Therefore, the term means the people of the Sunnah and majority. It includes the saints and also those Imams on whose guidance Muslims are unanimous. One who descends from fuqaha scholars of fiqh as much as a span falls into heresy, becomes deprived of Allah's help and deserves Hell, because the fuqaha have been on the right path and have held on to the Sunnah of Rasulullah Peace and blessings be upon him and on to the path of al-Khulafā ar-Rashideen, the Four Khaliphs may Allah be pleased with them.

Who are Sunnis

They are the group who are most in number in Prophet Muhammad's Nation Peace and Blessings be upon him and they are the group who will be safe on Judgment Day. The students came back one by one with their birds killed except the favourite student.

Ahl Al

Takfir especially on entire other groups, getting up and declaring other groups disbelievers. One who brings forth something which is not approved by Islam becomes a man of bid'ah. The Sunnah is the way shown by Rasulullah Peace be upon him. Though, please note some speakers say the saved group is Ahl Al-Sunnah.

Ahl Al

The way of the Salaf as-salihin is the way of the saved sect of the Ahl as-Sunnah wa'l Jama'ah.

Who are Sunnis

This is the first volume of the monumental work that will include all Hadiths that have reached us and provide them a universal number for easy identification. Or repeating the same things again and again. It forbids separation which causes discord and dissension in the knowledge of i'tiqad see Imam al-Qurtub's opinion later.

Who are Sunnis

These teachings cannot be explored by way of reasoning. Rather, be brothers in God's religion. But, of these, the ones who disbelieve those facts in the Deen that are indispensably required to be believed, as well as those who deny the rules of the Shari'ah which every Muslim has heard and knows, become disbelievers.
