Experts caution against comparing Johnson & Johnson vaccine to others: 'We have three effective vaccines'

Johnson completed half of the translation in one afternoon and the rest the following morning. The notice which you have been pleased to take of my labours, had it been early, had been kind: but it has been delayed till I am indifferent and cannot enjoy it; till I am solitary and cannot impart it; till I am known and do not want it.

New Patient Special

After returning home and then travelling for a short period, Johnson received word that his friend and tenant , had died on 17 January 1782. Johnson's progress on the work slowed as the months passed, and he told music historian in December 1757 that it would take him until the following March to complete it.

The constant pleasure does not, however, lead to satisfaction; and, with the help of a philosopher named Imlac, Rasselas escapes and explores the world to witness how all aspects of society and life in the outside world are filled with suffering. In all his biographies he insisted on including what others would have considered trivial details to fully describe the lives of his subjects.
