## In the Temples of Holy Mathematics

Kako bismo onda mogli protumačiti cijeli materijalni svijet kvalitativno istovrsnim jedinicama? Автор Редактор Издатель typis et sumptibus N. Bošković svojim bilješkama i dodacima Supplementum , potkrepljujući Stayeve postavke i rješavajući probleme. Draganović, Donja Hercegovina prije 300 godina, kalendar Napredak, Sarajevo 1935; B.

## Benedetto Stay & Fratelli Pagliarini, Philosophiae

Preveo je dvije Ovidijeve heroide Penelopa Ulisu i File Demefontu , počeo prevoditi tragediju P. Kao dodatak ovome Stayevu djelu izasli su među ostalim i ovi važni Boškovićevi članci: De motu absoluto, an possit a relativo distingu i De vi inertiae. III, Barok i prosvjetiteljstvo XVII—XVIII.

## Ruder Bošković and the Structure of the Experience of Scientific Discovery

Materinska riječ pratila ga je svuda kao i završetak njegova prezimena na -vić, koji je svakomu kazivao već na prvi pogled, kakvoga je koljena. Veoma zanimljivo raspravlja on i o tom, da li je sila inercije relativna s ozbirom na neki prostor ili apsolutna. If, for example, it allows us to see phenomena in a way unnoticed before or simply to discover entirely new ones, we come to have more trust in them.

## Stay, Benedikt

He was even willing to stake his own reputation as a scientist on such ideas that verged, at least for his 18 th century colleagues, on lunacy, for example the claim that there is no such thing as hard matter, that it is possible to walk through walls or that we may consider the existence of multiple and parallel universes. This practice of reflexio has its equivalent in Indian religions, especially within the various mystical schools of Hinduism and Buddhism.

Nakon što je završio školovanje u isusovačkom kolegiju Collegium Ragusinum odlazi u Rim gdje je završio teologiju 1746 i gdje je zaređen za svećenika.

### **In the Temples of Holy Mathematics**

Quoted after the Latin-English edition: a theory of natural philosophy.

### **Philosophiae recentioris a Benedicto Stay,... versibus traditae libri X ...**

Srce mu je preneseno u Dubrovnik i sahranjeno u katedrali sv.
