### Persian Gardens

In the Avesta, the ancient holy book of the Zoroastrians, the Persian Garden and its sacred plants are praised as one of the four natural elements earth, heavens, water, and plants. Authenticity: The Persian Garden, through its components, has developed alongside the evolution of the Persian society, while adhering to its early geometric model, the Chahar Bagh. Examples of informal gardens are the family baghs found on the outskirts of major Iranian cities such as Tehran.

### The 10 Most Beautiful Parks and Gardens in Iran

They are well-known as Sarv-e-Naz among Iranians because of their unique style.

### Persian Gardens: Meanings, Symbolism, and Design

Fruit trees bring to mind rebirth and spring; strictly aligned sycamore trees, the symbol of eternal life, provide shade while roses, jasmines and other flowers intoxicate with their heavenly scent. His philosophical discussions made gardening compatible both with higher political obligations and a severe morality controlling all bodily appetites and passions. Their counterparts on earth fulfill a similar function.

### Persian Gardens

However, palaces scattered according to no rule and raised above three terraces with large open stairways brought to the mind of Garden archaeologists the simplest form of Persian garden; a rectangle of water, with enough of a flow to give it life and movement, and a raised platform to view it from.

### Persian Gardens

We, the same as you and the rest of the world, had heard and read about the glory of Iran from our grandfathers, in the old books, and in history classes. At the upper end, there is a two-floor mansion. Nature has provided us with her own profusion of gardens from the desert oasis, to verdant meadows, to picturesque valleys and mountain slopes with breath-taking vistas.

## **5 Fascinating Persian Gardens You Must See on a Visit to Iran**

Cultural Landscapes: the Challenges of Conservation. They are poems by famous poets like Hafez, Saadi, etc. These accounts include in the fourteenth century, in the fifteenth century and in the seventeenth century.
