## Worcester City Art Gallery & Museum

Library founded in 1909 as a non-circulating bibliographic resource dedicated to the history of art, reflects the collection strengths of the Worcester Art Museum. After graduating the Academy of Fine Arts with distinction, Hartmann was given the privilege of continuing his studies abroad for four years, three of which he spent in France. The Great Gate of Kiev Hartmann considered the Great Gate of Kiev to be his best work.

I really would like to know if the alcoholic nose has anything to do with the vicious fight.

## Past Exhibitions

Tsar Alexander II had held a competition for the design of a great gate to commemorate his survival of the assassination attempt on him in 1866, but the project was cancelled.

## Past Exhibitions

As we reassert our identity as an encyclopedic museum, we also strengthen our commitment to the areas of our collection that distinguish us among our peer institutions: early American paintings, Japanese ukiyo-e prints, arms and armor, European Old Master paintings, and objects from ancient Antioch, among others.

### **On the Artwork that inspired Mussorgsky's Pictures at an Exhibition (part 2)**

Maybe the Tsar was kind of squeamish about publicly remembering his own murder plot. He had crossed this out, along with an earlier attempt, which is too bad. It kind of reminds me of a stop-action horror movie, with a big mechanical spider that comes to life, making this awful whirring clack clack clack noise as the grotesque legs multiply rapidly and fill your vision and ugh, heebie jeebies.

### **Collections**

I guess I just really like how everything is connected, that creativity is constantly giving birth, and nothing exists in a vacuum.

Like, can the hut suddenly scrabble away if angry villagers come by? In addition to viewing organized collections, you may do a simple keyword search, or explore a variety of advanced search options. The museum gallery has lots of amazing things to see including dinosaur footprints, Worcestershire Sauce archive and many more interesting objects from a real Roman mosaic to a Native American totem pole.
