### European Identity: Conflict and Cooperation

Still, despite some of these long-term trends, in almost every country surveyed since 2016 there has been a significant increase in favorable views of the EU. Public opinion, as well as numerous experts and decision-making circles, have developed a catastrophic vision of Chinese demographic dynamism in the region.

### Russia's National Identity and Foreign Policy toward the Asia

The app would be able to be accessed with biometric data such as a fingerprint or retina scan. There is also a partisan divide on birthright nationality in several countries.

### Europeans not convinced growing diversity is a good thing

Views of Germany positive except in Greece Germany, the , enjoys favorable reviews from most other European publics surveyed. Just 22% of those with more than a secondary education agree, a 21-point differential. Access to the publications mostly requires purchase.

### Forty Years of ASEAN Can the European Union be a Model for Asia?"

ASEAN could explore these ideas in the near future. . Since the project of European integration began, at issue has always been whether a European political identity could develop to underpin political unification.
