Intellectual Property: Latest News on Intellectual Property

Surveys of companies doing business in

emerging economies show that this issue of intellectual property rights being weak is often the number one concern they have in operating in these markets. Given this theoretical expectation of negative effects of stronger IP protection- e.

Report on Interaction of IP and Private International Law Now Available

On Thursday, April 10th 2014, the Court has given its verdict on a complicated Dutch case involving the home-copying exception of European copyright legislation, and the associated use of copyright levies on blank media. Coordination and cooperation with other multilateral partners are integral to the work of the WTO Secretariat in this area of TRIPS, as with other dimensions.

Report on Interaction of IP and Private International Law Now Available

Copyright means the sole right to produce or reproduce a work—or a substantial part of it—in any form. However, demand for medicines is not the same as demand for other goods and those neglected micro level variables can be correlated over time and space, which may induce bias and inconsistency in the demand estimates. Understanding enforcement obligations Basic principles The basic objectives and principles of the TRIPS Agreement apply equally to the enforcement of IP rights.

Intellectual Property Articles, Research, & Case Studies

There is some trend in the positive direction, however.
