Life Through Time

Each section in this sculpture, or mobile, can twist and turn on its own through air currents, causing an endless amount of variations in its form. King Tim III is hailed as the first MC whose rhymes were ever committed to vinyl. Snoop cruised over beats with soft intonation and self-assured ease.

human evolution

Brief but effective, the LP showcased this range efficiently, with nary a heavy-handed or telegraphed moment. According to three-dimensionalists, objects persist by enduring: an object persists from t 1 to t 2 by being wholly present at t 1 and t 2 and every instant in between.

Time Travel (Stanford Encyclopedia of Philosophy)

So, when we came to the glade where clumps of stones sat near the trail, we were literally stopped in our tracks by a museum-quality explanatory panel.

Elements of Art: Movement and Time Tutorial

When his Top 40 presence reached its pinnacle, so did his rapping.

The Hydrologic Cycle

This figure is believable given the assumption that these men, who were agricultural labourers, worked on the pyramids only or primarily while there was little work to be done in the fields—i. However, it certainly seems like a stretch to say that space itself might be one of those things. What is the relationship between space and the mind? Among physicists, there is no real doubt that time does really, truly exist.

Pyramids of Giza

Humans display a marked erectness of body carriage that frees the hands for use as manipulative members. The question of how the pyramids were built has not received a wholly satisfactory answer.

Time Travel (Stanford Encyclopedia of Philosophy)

Unfortunately Caz received nothing for his contributions to rap's first worldwide hit.
