### Citizens of a Christian Nation

The resultant shortage of labour caused both private employers and the Cape Government to look further afield for potential sources of workers, the most obvious being the Transkei and eastern Cape. These include Saint Patrick 415-493 , 400-425 , and 337 — 397 AD.

An Essay on the Natural History of Mankind.

### Remembering African American Missionaries

Both were part of the same process of rural alienation, but the missionaries offered ideological comfort, while employers were more material in their rewards. While the protestant evangelical movements were gaining ground in West Africa, similar movements were being promoted by the Roman Catholic Church in Europe. Yet, for their time, they were considered enlightened for recognising that Africans were made in the image of God and believing that Africa could trade with Europe in products and not human beings.

### Christianity

She left for Africa on March 17, 1887.

### The Black Church

Betsey Stockton was in the second group of missionaries to go to Hawaii, the first having arrived two years before.

### The Black Church

Building plays an important part in the mission.
