Food Inflation in the United States (1968)

Teleworking has increased the lure of secondary residences over the past 16 months with employees no longer required to be in the office every day, said Roseline Guévrémont, a Montreal-based broker for Royal LePage Tendance. The latest edition crunches numbers from October, supplemented by graphics, several of which are on view below, that offer fresh insight into the places where bargains are more likely to be found — or not.

Food Inflation in the United States (1968)

No margin of error can be associated with a non-probability sample. ERS analyzes the current index level for food, examines changes in the CPI for food, and constructs forecasts of the CPI for food for the next 12-18 months. Visit our for more information and details on how to adjust your settings.
