Waterlogic USA Reviews

I went through two summers with them, both were a disaster. The result you deserve and can be proud of.

Waterlogic

They dont have enough technicians to maintain the machines and the techs are jerks because they hate their jobs. The locations I cancelled were Laurel, Maryland; Shrewsbury, Pennsylvania and York, Pennsylvania.

Products

Angel was so helpful and professional. Consent is not a requirement of purchase. .

Waterlogic USA Inc. Company Profile

Risked safety to save money drove back home over 3hrs instead company paying for hotel. The hardest part is that you're juggling so many things: customers, company goals, salespeople without knowledge of the logistics, etc.
