God for a Secular Society: The Public Relevance of Theology by Jürgen Moltmann

It has been 37 years since an assassin's bullet tragically ended the life of Martin Luther King, Jr. With Logos Bible Software, the most efficient and comprehensive research tools are in one place, so you get the most out of your study. He is the author of over twenty books with Fortress Press, including The Crucified God 1973 , Theology of Hope 1993 , and The Spirit of Life 2001.

This is about how to engage theologically in a myriad of public contexts, most specifically in politics, economics, and the environment. He asks how we came to this point, and he argues strenuously for Christian discipleship and public theology that take sides. He has always been someone I wanted to read.

God for a Secular Society: The Public Relevance of Theology by Jurgen Moltmann, Margaret Kohl, Paperback

This is a good book to have for anyone interested in how society and religion interact, and the place of one where the other is concerned. I found this book, as I do with all of Moltmann's writing, challenging and thought-provoking.
