**Salem Witchcraft, Volumes I and II With an Account of Salem Village and a History of Opinions on Witchcraft and Kindred Subjects by Charles Wentworth Upham**

One of the most important intellectual figures in English-speaking colonial America, Mather is remembered today chiefly for his 1702 and other works of history, for his scientific contributions to plant and to the promotion of as a means of preventing and other infectious diseases, and for his involvement in the events surrounding the of 1692—3. The evidence of witnesses was prepared in writing, beforehand, to be used at the trials they to be present at the time, to meet further inquiry, if living within ten miles, and not unavoidably prevented.

In some cases, the upright posts were placed close together, as palisades in fortifications, to prevent the escape of domestic animals, and as a safeguard against depredations upon the young cattle, sheep, and poultry, by bears, wolves, foxes, the loup-cervier, or wild-cat, with which the woods were infested. Putnam also lived in a house, the cellar and well of which are still visible, about one hundred rods north of this, and just west of the present dwelling of Andrew Nichols. He attended , where his name was posthumously added to its , and graduated from Harvard in 1678 at age 15.

Sad, indeed, was the delusion that came over them, and shocking the extent to which their bewildered imaginations and excited passions hurried and drove them on. Their resolve was inexorable not to allow the mother-country, or the whole outside world combined, to interfere with them. In 1706, , one of Mather's slaves, explained to Mather how he had been inoculated as a child in.

### **The Witchcraft Trial of Mary Parker**

The air is elastic, and every sound reverberates in broken, strange, and inexplicable intonations. In 1678, Nathaniel Ingersol, then forty-five years of age, in a deposition sworn to in court, describes an incident that occurred on the east ern end of the Townsend Bishop farm as laid out on the , when he was about eleven years of age. Narrative of Witchcraft Cases 1648—1706.
