An end to the war between evolution and Christian theology?

Evolution is not an adequate explanation. While knowledge further refines knowledge, faith expands it. Many people in the world never achieve these goals.

Theorising Religion: Classical and Contemporary Debates

Hope is confidence in non-determinism, freedom from bondage to causality.

Meaning of Life: Human Origin, Purpose, and Destiny

But there can be no doubt that it will come.

Online Debate: Intelligent Design VS The Big Bang, Abiogenesis, and Evolution

Do animals naturally possess these spiritual qualities? New fossil forms were discovered which filled gaps between already known groups, just as Darwin had predicted. This happens very frequently among truthseekers because they are primary targets. He considers the necessary irrationality of faith and contemplates its unfair ask of forsaking reason: Rational knowledge presented by the learned and wise, denies the meaning of life, but the enormous masses of men, the whole of mankind receive that meaning in irrational knowledge.
