## ILLINOIS RAIL SYSTEM PLAN

Since then, passenger numbers have continued to decline year-over-year to a low of under 750,000 in 2019. Trains operate on other railroad's tracks, including the UP-N, UP-NW and UP-W, BNSF, Heritage CN Corridor and North Central CN lines. Two people in the vehicle were killed.

### Illinois

Tickets that were printed at home or on the train are eligible to receive free transfers to ABQ RIDE, Rio Metro RTD, North Central RTD, Santa Fe Trails, and Santa Fe Pick up.

### DART Light Rail

During the summer of 2007, ridership averaged 2,500 passengers per day. The light-rail extension is scheduled to be open in 2024. Planning and design map marker.

### Rail

After the success of the light rail starter system, voters approved DART's request to use long-term bonds to expedite the construction of the regional light rail system.

### Valley Metro Northwest Extension Phase II approved to enter New Starts Engineering

After that vote, the agency again pared down the regional rail system to 84 miles 135.

### Construction Begins on Northwest Extension Phase II Rail Project

The route parallels several major roads and highways, including Foothill Freeway , Huntington Drive, and Foothill Boulevard. The designs for the three stations were unveiled in May and July 2014. Frequency License Type Tone Alpha Tag Description Mode Tag 160.

### **Valley Metro Northwest Extension Phase II approved to enter New Starts Engineering**

The Final EIR for the project was certified by the Construction Authority board in March 2013, and advanced conceptual engineering began in 2014.

### **Valley Metro Northwest Extension Phase II approved to enter New Starts Engineering**

Lorem Ipsum is simply dummy text of the printing and typesetting industry. These trains will be air-conditioned with transverse seating and overhead luggage space for commuter comfort.
