Nadia Cohen's The Real Beatrix Potter is an informative and enjoyable biographical account of the life of one of the most loved children's authors of all time. Like somebody who was thinking, rather, while they were walking.

Brigadier John Heelis, 72, who lives outside Appleby in Cumbria, has just finished a biography of Beatrix Potter.

Tales of the real Beatrix Potter: How could Mrs Heelis, the curmudgeonly sheep

It starts by discussing her lonely childhood and lack of formal education -- her parents didn't think it was worth it to educate a girl since her only job was to marry wealthy -- and then explains how she started inventing her characters, which started with Peter Rabbit, which she initially self-published. The 1989 version was a miniseries and was not animated. Sumptuously compiled, a great story, and a wonderful book.
