Geschichte des Araber

One thing becomes clear, if we survey German strategy against the Hehe: accepting a high mortality rate among the African population was an integral part of the overall counterinsurgency concept. When negotiations with Mkwawa stalled, the Germans attacked his camp, massacring 500 persons. By adopting the Zulu military system, the Ngoni tried to become the dominant group in the region.

Geschichte des Araberaufstandes in Ost

The colonial government simply had no choice but to support the indigenous population, for more and more settlers moved into the region and so the local workforce had to be conserved. Cattle were an obvious target but the article says the women were targeted because they did the agricultural field work. While the coastal regions were shaped primarily by urban culture, the central and southern parts of German East Africa, as well as the regions around the Great Lakes featured larger hierarchy-based territories.
