## Codes

This principle was also opposed to a harsh and severe application of a legal rule. They are said to appear century, also in the *Treatise of the Sphere*, by John de Sacro Bosco, probably about twenty years earlier; and a treatise, *De Algorismo*, ascribed to him, treats expressly of this subject. If a section or part number is spelled out e.

The restriction set up by societies hampered the advancement of culinary arts during this time, by limiting certain gourmet experts to allotted territories. It contains a long series of public letters, chiefly written in the Netherlands, from an early part of the reign of Edward ILL to that of Henry FV. These comparisons included data for books which were not listed in some sources but listed in others.
