## National Agricultural Library

The bibliography is compiled by a staff of subject experts at the MLA office of bibliographic information services and by more than one hundred field bibliographers. Based both on face-to-face interviews and on a large collection of print and recently electronic materials, including diaries, letters, novels, histories, biographies, government documents, and newspapers.

## Digital collections

It also includes a number of Arabic commentaries and important secondary sources.

## Archives

Content spans 1950 — Present.

## Digital collections

Filesize: 59.15 MB

Builds context for sustainable design strategies and what makes a building product or material green. Texts are presented in their original languages of Latin, English, French and German.
