The Agrarian History of South Asia: A Bibliographic Essay

Although they do not have the geometric characteristics of professional cameras, they can be used advantageously for the reconstruction of three-dimensional models using Structure from Motion methodologies. The American explorer George Kennan noted that among the Koryaks, a Mongoloid people of north-eastern Siberia, infanticide was still common in the 19th century. Even so, some English critics considered him too lenient toward the Indians.
