New Economic Policy (NEP)

This activity created an estimated 200,000 new jobs. Whatsoever, then, he removes out of the state that nature hath provided and left it in, he hath mixed his labor with, and joined to it something that is his own, and thereby makes it his property. The growth of native industry was discouraged, in order to keep the colonies dependent on Britain for their finished goods.

Economic Policy M. Thatcher

The government had to fight smuggling—which became a favourite American technique in the 18th century to circumvent the restrictions on trading with the French, Spanish or Dutch. They argue that the public sector expansion deprived the private sector of sufficient labour and capital.

New Economic Policy

Concept of deregulation: Management studies have demonstrated that Deregulation is the procedure to eliminate or reduce state regulations.

How Successful Was the New Economic Policy Essay

Keynes also believed in a more egalitarian distribution of income, and taxation on unearned income arguing that high rates of savings to which richer folk are prone are not desirable in a developed economy. The procedure involving a case by case examination of the proposals for new ventures has been wiped off.
