## **Summary Bibliography: M. John Harrison**

Thanks for the great list. This volume collects that work, and also adds essays on his work over the years. And feel free to list your favorite vintage or non-vintage SF reads of the year.

## **Fantasy and Science Fiction: Book Reviews by Elizabeth Hand**

London: Department of Trade and Industry.

## **Parietal Games by M. John Harrison**

Works Fiction Year Title Notes 1971 Sf novel set in a Britain First novel of the sequence 1975 Stand-alone short story collection 1980 Second novel of the sequence, nominee, 1981 1982 Third novel of the Viriconium sequence, published in the US as The Floating Gods.

## **Mark Bould**

The latter was included in the SF Masterworks series, though Harrison is reputedly not fond of it. Goals for 2020 These are the same as my goals for 2020. THE USES OF DISENCHANTMENT I SIT AT MY desk, struggling to write in the endless shadow cast by Hope Mirrlees, J.
