Space Diplomacy: India's new foreign policy tool

To derive the full political benefits of economic diplomacy, the leadership will have to act decisively to break the old mindset, which defines national security and trade policy in separate and narrow terms. By 1992, Japan and Germany had become the second- and third-largest financial contributors to the United Nations, and started to demand a permanent seat.

Articles

The first is defining a progressive foreign policy as simply a rejection of whatever Trump says or does.
