This genre of writing uses detailed first-hand written descriptions of a culture based on first-hand research in the field. FB group established June 2015. It is this story that this special issue of Culture and Research retraces in broad strokes, with the contributions and testimonies of many leading actors.

Ethnology

Museum collections played a significant role in the history of Europe.

Ethnography & Ethnology

In the case of ethnography, holism refers to the fact that a culture can be best understood through the understanding of as many aspects of the cultural context as possible. Ethnology has been considered an academic field since the late 18th century, especially in Europe and is sometimes conceived of as any comparative study of human groups. Through the originality of its contributions, cultural research has thus become permanently anchored in the research landscape, both nationally and internationally.

Ethnography & Ethnology

George Gmelch and Walter Zenner, eds. Translated from Russian by Lygia O'Riordan. Vermeulen and Arturo Alvarez Roldán, eds.

Ethnology

Among some peoples of the , including , the ability to mimic sounds of the environment includes hunting calls, and is present also in a traditional singing tradition preserved only by some old people.

Sound mimesis in various cultures

Questioni teoriche April 1980 , pp. We will strive to: 1 Put together a working group with members from Europe and beyond.
