A2 Economics Revision

Kyle Cease abides in this realm, and he shows how you can, too. With humor, wisdom, and verve, he guides us to discover the power of awareness, thereby liberating new dimensions of abundance, freedom, and joy. The Great Depression and the Great Reflation The classical economists gathered their experience during and after inflationary periods, and their teachings reflect their reaction to inflation.

Understanding the Illusion of Money: Inflation Isn't Controllable

No empire long endures, even if few anticipate their demise.

The End of an Illusion

Take retail sales, for example. By June of that year, guns in the hands of ordinary Americans had caused more casualties than the Allies suffered in Normandy in the first month of a campaign that consumed the military strength of five nations.

The Illusion of Debt

The cumulative loss to global GDP over 2020 and 2021 from the pandemic crisis could be around 9 trillion dollars, greater than the economies of Japan and Germany, combined. To assume, as some Keynesians do, that prevailing unemployment hinders the upward adjustment of wages is erroneous.

The pandemic savings illusion

Marginal tax rates for the wealthy were 90 percent. They are the victims of lost purchasing power. I will read this one again, I'm sure of it, as the information is so valuable and worth revisiting.

The Illusion of Money: A Documentary Film

To reflect inflation, the real currency is adjusted. The COVID pandemic will be remembered as such a moment in history, a seminal event whose significance will unfold only in the wake of the crisis.

Illusion, Money financial definition of Illusion, Money

Deficit spending is resorted to simply because of inability to balance the budget. In the meantime, we face tremendous uncertainty around what comes next. Rather than just diversifying your portfolio to chase security, how about diversifying your investment in the people and community around you, as well as your own mind and skills? This column has previously pointed out how the sharp drop in nominal GDP growth creates budgeting problems for the government.
