## Refugee Resettlement

Dispersal accommodation is especially concentrated in Barking and Dagenham 734 , Redbridge 640 , Newham 582 , Hillingdon 456 , and Ealing 386. This includes materials to run our eight-week interactive Steps to Employment Course, covering topics such as identifying strengths, CV writing, and interview techniques.

## Asylum Seekers

If you missed the workshops they are available to stream on YouTube - the links are below.

## Carshalton College

The government is calling for local authorities to consider making offers now for the post-2020 global programme. Many boroughs have experienced issues with schools refusing to admit or keep children with SEND at their schools, despite there being a legal requirement to do so.

## Lewisham Council

The VCRS is open to vulnerable children and their families in Egypt, Iraq, Jordan, Lebanon and Turkey, where UNHCR deem resettlement to be in the best interests of the child. Their website can be found here: What is the future of refugee resettlement in the UK? What are the refugee resettlement programmes currently being run in the UK? In the last three years, the number has more than quadrupled: from a low of 771 in Q3 2015, to 4397 in Q1 2019.

## Training

According to official government statistics, the borough has one of the highest indexes of social needs in the country. London has historically had relatively low numbers of asylum seekers in dispersed accommodation. And because nothing gets in your way, you can now take the opportunity to give your skills and CV a big boost by earning nationally-accredited qualifications — because Strive Training is bringing the class room to your

living room! As with the case in the mainstream local authority provision of support, there is a high financial burden associated Community Sponsorship which can be difficult for community groups to fulfil.

### **Supporting refugees, asylum seekers and people from abroad**

The AIRE service provides advice and guidance to service users on the asylum process and their rights, and signposts to different services.

### **Supporting refugees, asylum seekers and people from abroad**

ATAs act as the employer, placing apprentices with host employers to carry out their training. Clearly, SEND provision needs both greater revenue and capital investment by government to put it on a sustainable footing.

### **Employment Support and Training Providers**

The Crystal Palace for Life Foundation has been working with the South London community for over 25 years. Local authorities in London are therefore playing a significant role in preventing homelessness amongst newly recognised refugees, and financially supporting them to attain a tenancy. Despite all these challenges, around 800 refugees from the Syrian conflict have been resettled in London to date.
