From what I saw I can only say that Dingle represents good 'holiday golf' but nothing special. Small remainder mark on bottom page edges. The product of years of experience by members of The Sangre de Cristo Flyfishers, this comprehensive guide to the region's streams and lakes including the Conejos in southern Colorado furnishes full and accurate information on access, stream characteristics, trout species and size, timing of insect hatches, and artificial fly patterns most likely to result in success.

Bob Roll is an odd combination of professional mountain and road bike racer, writer, and philosopher all rolled into one: a bit of a poet, a bit of a mad man, sly, a little dirty, beyond gonzo when it's hammer time, calling it like it is all the way down the line. It does not diminish his parents' accomplishment to wonder if it wasn't Tiger who made them the inspirations they became. It's a taboo that you can't easily discuss with friends and can barely face with family.
