**Power and interdependence: world politics in transition**

Lemke, Douglas, and Ronald L.

**Theories of International Relations: Transition vs. Persistence by Michael P. Sullivan, Political Science Quarterly**

American Political Science Review, Vol. A listing of courses, by functional and regional tracks, is included below. One grand strategy is realist in orientation.

**International Relations: The World Community in Transition By Norman D and Perkins, Howard C Palmer**

Journal of Contemporary China 24 92 : 280—97. Together these two shifts give the United States the capacity and necessity — but only a few would say the authority — to police international order and unilaterally project force into the affairs of vulnerable yet threatening sovereign states.

**Formal Models in International Relations**

Review of Economic Studies, Vol. Incentives for security cooperation are eroded.

**International Economic Relations**

The referendum is the first step in the process, an expression of political will that kicks off the process of becoming independent. The final set of tools in the arsenal are international agreements that come in either the form of bilateral agreements between two countries or standing multilateral agreements to which more than two countries have signed on.
